## Medical Head of Rehabilitation (m/w)

Located in Vienna, Austria, **VAMED Group** is an internationally leading company in the field of Health Care. According to our philosophy "everything from one source", we constantly develop new and innovative strategies to ensure our market leadership.

**VAMED Middle East Healthcare Management and Consultancy Services LLC**, located in Abu Dhabi, UAE, is part of the group and executing its own healthcare projects. **Reem Hospital**, a VAMED turn-key project in the region, will be the first post-acute rehabilitation center and hospital built in Abu Dhabi and opening soon.

### Your challenge:

As Medical Head of Rehabilitation you're responsible for directing the overall functions of Rehabilitation Services in the hospital; coordinate and supervise operations of the whole department. You provide specialist consultation, direct patient care and bear responsibility for the medical care of hospital patients assigned to Rehabilitation Services.

- Develop and direct comprehensive therapy plans for post-acute and long-term rehabilitation including therapeutic exercise; speech and occupational therapy; counselling; cognitive retraining; patient, family or caregiver education and community reintegration.
- Apply science relevant to PM&R including anatomy, physiology, kinesiology and ergonomic and teaches the team on the ground
- Is involved in patient care and fosters effective, appropriate, timely and efficient prescription of therapeutic interventions including: rehabilitation therapies; mobility aids; orthotics and prosthetics; exercise and physical modality prescription; pharmacotherapies
- Provide, supervise and manage long-term and comprehensive medical care for adult and pediatric cases in the Rehabilitation hospital
- Lead the interdisciplinary team to ensure high quality and safe patient care
- Create an environment where team members are encouraged to voice concerns and share their expertise
- Review cases referred for hospitalization and either assign cases to physicians within the team or personally treat's the patients, especially when there are unusual diagnostic or therapeutic problems

- Coordinate physical medicine and rehabilitation services with other medical activities
- Serve as a liaison between administration, patients, other physicians and healthcare providers and by doing so report directly to the CEO of the Hospital
- Demonstrate ability to manage Key performance indicators and work on a predefined budget
- Maintain efficient and effective department operation while requiring compliance with all international and local regulatory laws, standards and protocols.
- Support and implement quality management systems (e.g. JCI, CARF)
- Foster a culture of learning, development and continuous improvement across the Department
- Develop the strategy and implementation of innovative clinical/rehabilitation programs that include collaboration with strategic business partners including health insurance providers
- Ensures just in time recruitment processes of candidates with the appropriate technical and licensing requirements and who are aligned to the organization's aspirations for excellence

### Your profile:

- A higher university degree (e.g. fellowship or PhD) from a recognized university
- Desired: Masters in Healthcare Management or MBA
- Completed Medical Board in Physical Medicine and Rehabilitation (PM&R) from an accredited institution
- Qualification from tier 1 or tier 2 (Department of Health Abu Dhabi Professional Qualification Requirements) on post-acute Rehabilitation, physical therapy and sports medicine
- Minimum of 5 years' experience in a Physical Medicine and Rehabilitation Senior Consultant Position; clinical experience in post-acute setting a plus
- Good interpersonal and communication skills
- Decision making and problem solving skills
- Organization and leadership skills
- Fluency in written and oral English

### Location:

- Reem Island, Abu Dhabi, United Arab Emirates

### Our offer:

- Honesty, compassion and innovation of a new Rehabilitation Hospital to be opened this year
- Being part of our international medical board, for the knowledge transfer of our 1300 physicians in our international markets
- Dynamically growing market with a perspective for the future
- Overall conditions of an internationally successful group
- For this position, a market-compliant payment depending on qualification and experience is offered.
