

7th International Symposium

Wound Care, Lymphoedema and
Lipoedema: Your Patient is our Passion

May 24th, 2025 · Copenhagen, Denmark

Programme

in person

Wound Care, Lymphoedema and Lipoedema: Your Patient is our Passion

Dear Sir or Madam,

First of all please allow us to take a short detour 10 years back in time. In 2015, the 1st International Lymphoedema Symposium took place in Copenhagen.

The following 10 years have been an inspiring and productive journey with all of our scientific leaders, chairs, speakers, participants and staff. We are now proud to have the opportunity to invite you back to Copenhagen and we would be happy if you joined us.

In 2025 we would like to cover the large interdisciplinary and interprofessional fields of diagnosis and management of wound care, lymphoedema and lipoedema. In the course of our event we would like to give you a different perspective on these areas.

Our aim is to build bridges between evidence and experience and between health care providers from different disciplines. The program will be targeted towards MDs, therapists, specialized nurses and compression specialists working in the field of the chronic conditions of wound care, lip- and lymphoedema. We will discuss the best practice and cases.

You can expect top-class and clinically relevant presentations with a focus on medicine, therapy and individualized treatments. There will also be plenty of time for your individual questions and discussions on the presented topics.

Let us use this platform to openly exchange ideas, update standards and gain insights into the latest scientific and therapeutic findings and use this opportunity to build personal and professional connections that might help you and your patients in your future work – with a focus on the optimal treatment for our patients.

We look forward to welcoming you to the 7th International Symposium in Copenhagen.

Sincerely yours,

Jonas Askø Andersen,
MD PhD Assoc. Prof. (clin)
Scientific lead

Jürgen Gold
CEO Julius Zorn GmbH

Programme

08.00 am Registration, welcome coffee and visiting the exhibition

09.00 am Welcome and introduction of topics
Jonas Askø Andersen, MD PhD Assoc. Prof. (clin), Hillerød, Denmark

I. Diagnosis and management of lymphoedema

09.10 am ICG-guided decisions and visualization of possible reasons of lymphoedema
Jean-Paul Belgrado, PhD, Brussels, Belgium

09.40 am Overview of clinical cases and treatment options
PD Dr. med. Anett Reißhauer, Berlin, Germany

10.10 am Individual patient cases and therapeutical treatment
John Jordi, PTA, CLT, Cuyahoga Falls, USA

10.55 am Choice of elastic garments in relation to tissue and clinical characteristics
Christine Hemmann-Moll, Bad Rappenau, Germany

11.20 am Risk of erysipelas and wounds by chronic oedema
Ewa Anna Burian, MD, PhD, Copenhagen, Denmark

11.45 am Individualized hybrid reconstructive lymphoedema surgery: State of the art and where are we heading to?
Assoc.-Prof. Dr. med. Chieh-Han John Tzou, MBA, Vienna, Austria

12.10 pm Lunch break and visiting the exhibition

II. Wound care

12.55 pm The importance of compression therapy in the treatment of diabetic foot ulcers
Dr. Holger Lawall, PhD, Bühl, Germany

01.15 pm Externally fixated fractures and the effect of compression therapy
Peter Christian Siesing-Mejer, MD, Hillerød, Denmark

01.35 pm Postoperative rehabilitation following carpometacarpal arthroplasty or trapeziectomy using a novel compression band – a Danish single center prospective cohort study
Armin Abootalebi, Hillerød, Denmark
Elena Gomez Vivas, Hillerød, Denmark

01.55 pm The importance of compression in wound care – The research perspective in wound care
Ewa Anna Burian, MD, PhD, Copenhagen, Denmark

02.15 pm Break and visiting the exhibition

III. Lipoedema and obesity

02.45 pm Genetics of lipoedema, the London experience
Prof. Kristiana Gordon, MBBS, FRCP, MD(Res), CLT, London, England

03.10 pm S2k-Guidelines of lipoedema
Ao. Univ. Prof. Dr. med. univ. Erich Brenner, MME (Bern), Innsbruck, Austria

03.35 pm · Lipoedema and obesity – in context and in difference
· Obesity – Diagnosis and possibilities of conservative therapy
Era Gerdur Sveinsdottir MD,GP, MPH, Reykjavík, Iceland

04.10 pm Surgical treatment of lipoedema – experiences from the National Surgical Treatment of Lipoedema Study in Norway
Hildur Skuladottir, MD, PhD, Bergen, Norway

04.30 pm Lipoedema from a patient's perspective
Nanna Árnadóttir, Seltjarnarnes, Island

04.50 pm Panel discussion:
How to treat the patients? The importance of interdisciplinary treatment
Moderation:
Jonas Askø Andersen, MD PhD Assoc. Prof. (clin)

Ewa Anna Burian, MD, PhD
Prof. Kristiana Gordon, MBBS, FRCP, MD(Res), CLT
John Jordi, PTA, CLT
Hildur Skuladottir, MD, PhD

05.15 pm Conclusion and closing words
Jonas Askø Andersen, MD PhD Assoc. Prof. (clin), Hillerød, Denmark

Please do not make any video recording and/or take photographs. Thank you.

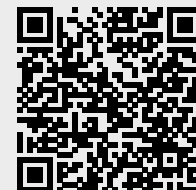

Speakers

Armin Abootalebi	Department of Orthopaedic Surgery North Zealand Hospital Hillerød, Denmark	Dr. Holger Lawall, PhD	Internal Medicine Vascular Physician & Diabetologist Consultant Max Grundig Klinik Bühlerhöhe 77815 Bühl, Germany
Jean-Paul Belgrado, PhD	Professor Lymphology Research and Rehabilitation Unit Université libre de Bruxelles, 808 route de Lennik CP 640 , 1070 Bruxelles, Belgium Scientific Collaborator: Lymphology Clinic Santorso, Asiago USSL 7 Veneto, Italy Lymphology Dpt Vasc Med Montpellier, France Honorary Professor: Vasil Levski University, Bulgaria	Nanna Árnadóttir	Seltjarnarnes, Island
